

# Spinal Trauma Treatment

## The first 72 hours after injury

Four Seasons Hotel, Sydney  
199 George Street  
11am to 5 pm Saturday, 3 November 2007

This workshop can be attended individually at a cost of \$ 165.00 or as a component of the ANZSCoS scientific meeting. For more information or to register please e-mail Ms Emma Waygood at

[anzscos2007@conferenceaction.com.au](mailto:anzscos2007@conferenceaction.com.au)

The workshop will review the evidence including the available guidelines from the Spinal Consortium for Spinal Cord Medicine and contextualise to the Australian Health Care Delivery Models.

Keynote Speaker: **Prof Peter Wing**  
Spine Programme, Vancouver General Hospital  
Clinical Professor Dept. Orthopaedics Univ. of British Columbia  
Chair Consortium Spinal Cord Medicine to develop Clinical Practice  
Guidelines for Care in the First 72 Hours after Injury

Co-Chairs **Dr Bonne Lee & Dr Ralph Stanford**

Proudly Sponsored by:

**Medtronic**

*Alleviating Pain · Restoring Health · Extending Life*

# Workshop Programme

- 11.00-11.05**    **Welcome** - *Dr. Stella Engel*  
Director Spinal Medicine Prince of Wales Hospital, NSW &  
President ANZSCoS
- 11.05-11.40**    **Introduction**  
*Dr Ralph Stanford*, Spinal Surgeon, Orthopaedic Department,  
*Bonne Lee* Spinal Medicine Prince of Wales Hospital, NSW  
**General overview 72 hours after Injury:** *Prof Peter Wing*  
Includes: Triage and trauma systems, Emergency & Acute medicine,  
Resuscitation ABCs
- 1140 -1240**    **Spine protection**  
  
**Timing of Spine Surgery:** *Dr Sue Liew*,  
Orthopaedic Department Austin Health Victoria  
**Surgical Strategies:** *Dr Ralph Stanford* ,  
Orthopaedic Department, Prince of Wales Hospital, NSW  
**Discussion: Panel** *Dr Ralph Stanford Dr Sue Liew, Prof Peter Wing*
- 1240-1330**                                    **Lunch Break**
- 1330-1400**    **Neuroprotection**  
  
**Statistical trends of Methylprednisolone use in NSW:** *Dr Bonne Lee:*  
**Neuroprotection Guidelines** *Prof. Peter Wing*  
**Discussion: Panel** *Prof. Peter Wing, Dr Bonne Lee, Dr Ralph Stanford*
- 1400-1545**    **Acute Medical Management**  
  
**Analgesia post acute spinal injury** *Prof. Peter Wing & Dr KE Khor*  
Senior Lecturer Dept of Anaesthetics, Emergency Medicine & Intensive Care,  
Prince of Wales Clinical School UNSW.  
**Respiratory management of the Acute SCI patient in the first 72 hours  
of injury:** *Dr Nicholas Murray*, POWH Respiratory Department & Prince of  
Wales Medical Research Institute, UNSW  
**Tertiary prevention:**  
**Summary of Incidence Data of Complications (DVT, SKIN, GIT,  
Urinary):** *Dr. Bonne Lee*  
**Summary of Guidelines on these topics:** *Prof. Peter Wing*
- 1545-1600**                                    **Afternoon tea break**
- 1600-1650**    **Systems of care and level of care in hospital**  
  
**NSW triage and trauma system:** *Prof. Danny Cass* Director NSW Trauma  
Services  
**Victorian trauma system – an SIU perspective:** *A/Prof. Doug Brown*  
Director of Spinal Injury Services, Victoria  
**Panel Discussion:** *Dr Paul Middleton* (chair), NSW Ambulance Service, *Prof.  
Danny Cass, Dr Ralph Stanford, Dr Sue Liew, A/Prof Doug Brown, Prof. Peter  
Wing*
- 1650-1700**    **Summing Up:** *Dr Ralph Stanford*
